

SAAWA Science Fair 2020

Abstract Information

Areas of Entry (Please check one)

Physics
Chemistry
Biology
Environmental Engineering
Behavioral Science

Project Display Regulations

Each Science research project presentation must be based on actual experiments and/ or field observation performed by participants using the proper use of the scientific method.

Each participant's project physical display must include:

A proposal
An Abstract (100-250 words)
A Bibliography

Please submit each on separate pages. This must be available on the day of the Science fair for use by the judges.

The format for the Abstract should be in this sequence:

Statement of problem
Summary of methods and procedures
Condensed summary of findings
Bibliography (on separate page)
Collection of field or experimental data, data analysis and representation of findings

Please send your Abstract by March 31st, 2020 to saawanewyork@gmail.com
